## Sauvignon

### Own Vineyards

Mantel Blanco Sauvignon is made exclusively with grapes of our own production, from our vineyards located in the Pago de La Serna , at an altitude of 770 meters, on a terrace created in Tertiary times by the Duero River. In them we practice cultivation techniques that respect the ecosystem, in a sustainable way.

### Wine Making

The harvest takes place at night . In its production we use traditional techniques with state-of-the-art machinery, to respect the characteristics of our varieties, thus preserving the personality of our wines since 1941.
